The RUBBER BUCKETS which are attached to the Chain with not wear the Tubing, consequently it will last to ager than when Metal Buttons are used. It is, positively, ANTLEREZING, It is apositive WATER PURIFIER, as each Bucket is constructed with an AIR CHAMBER, which carries a given quantity of pure air into the water, which immediately diffuses through the entire body of water, purifying and deaning, and rendering it fit for use.

... Beneath the rule of men supremely great," says Bulwer, "the pen is mightier than the sword." The pen is a mighty engine of good or evil, according as the hand that guides it is bent. If that hand is purified and spotless, giving evidence of a cleanly mind, then it is clear that B. T. Babbitt's Best Soap is doing something in literature. Would it did more.

European Landscape Paintings .-Mr. Henry Solomon, an artist from London, is stopping at the Priest House, where he has on exhibition some very fine landscape paintings of his own execution. They represent European scenery, and exhibit rare skill in their execution. Persons desiring oil paintings of rare merit, will do well to examine these specimens. The artist will remain only a couple of days.

An Early Bird .- This morning about six o'clock a fellow-sat by the fence near Powers' stable, on Wood street, with his head resting upon his knees.-He seemed to be sleeping soundly under the influence of "benzine." Beside him lay a bundle of clothing. In the course of an hour he roused up, and with much exertion got upon his feet. After supporting the fence for a while he managed to stagger away. He looked as if short time since another brother of this clothing being covered with mud.

We presume there is nobody hostile to the enterprise itself; but a desire on the part of the city council and others to have the road so constructed as not to interfere with Race & Co., is the man to take your travel on the streets where the track is to be laid. We should suppose that in a town of the size of Decatur a street rail-
